

We extend our most sincere **compliments** to all the **volunteers** that came out May 19th to support the Trailblazers' effort **armorning a boardwalk entry / exit, adding armorning to one turn, significantly improving the out-slope on another turn and re-building a critical edge on Nice Kitty Trail** in the **Buffalo Creek Recreation Area (BCRA)**. The good news is that many visitors to the BCRA are taking advantage of this trail designed and built by the Trailblazers, however, the extreme amount of user traffic on the trail has proved challenging. Feedback from S. Platte Ranger District and trail users on the **results** has been **outstanding!**

On **June 16th, 2018** the Trailblazers will again be partnering with JCOS at **Reynolds Park** for some tread widening above the old sediment pond with back-slope improvement and vegetation management on this outstanding 9.5 mi. of trail connecting **Reynolds Park** with the **Colorado Trail** at the confluence of the North Fork and Main Stem of the S. Platte River. Volunteers will be shuttled to the trail site by JCOS staff. Please review a bit of detail below for our 6/16/2018 Trail Day.
